

# LEAF VACUUM

<http://tiny.cc/leafvacuum>

## FEATURES & BENEFITS

- Powerful vacuum
- Rotary side brush
- 5 m (16 ft) hand hose available

This attachment creates tremendous suction for collecting leaves, grass clippings, and other loose debris. The rotary side brush extends the cleaning area.

The option hand held hose allows you to clean tight work areas, flower beds, along fences, and many other hard-to-reach locations.

The leaf vacuum is equipped with a hydraulically opening door for easy disposal of the collected debris.
