

POWER AUGER FOR TREE PLANTING

<http://tiny.cc/augertree>

FEATURES & BENEFITS

- Specifically designed to transplant trees

The powerful hydraulic auger is available with two auger bit diameters, specifically designed for tree planting.

The special auger bit creates the hole without compacting the internal hole surface, allowing the tree to easily take root.

Model	Diameter	Weight	Code	Price
Power auger for tree plating, drive unit (C890811 or C890812 required)	/	85 kg (188 lbs)	C890810	
Cutting head 80	80 cm (31.5 in)	/	C890811	
Cutting head 100	100 cm (39.4 in)	/	C890812
